7. Description Of Incident

I (Boat 117566) was starboard-tack with the sails slackened during the last minute before the start. I was about One or Two hull lengths away from the starting line. About 30 seconds before the start boat 39 was sailing starboard-tack towards us. Boat 39 hit our sterns and we got stuck (her bows were between our sterns). At the start, we were still stuck together.

8. Damage Or Injury
