PROCEDURAL MATTERS

FACTS FOUND

When the marathon race started, the wind speed was 11-12 knots.

The race committee then moved to the finishing boat and the wind continued to have the same speed.

The wind readings from all the marks were always over 10 knots.

Towards the end of the race, the wind shifted and the last leg was almost directly downwind.

ITA 160 started, passed mark 1 in 5th place and finished in 50th place.
