7. Description Of Incident

At the end of the last reach we were the boat most far on the leeward side. We wanted to go to the finishing line so we shouted out loud "Raum" and made our intentions clear. To go thru the finishing line we had to lift to the windward side. We did this inside of the 3-boats-lengths-circle. Instead of giving us place to go thru the finishing line GER 56064, did not give us the place we needed. To avoid a colission with the other boat or the mark we could not finish.
