7. Description Of Incident

request to reopen case 25.

In addition to what I previously wrote about the case, I would like to add that I was very close to the Jury Boat for a while after the finish.

The Jury Boat did not wave a flag, like they would do when they see a breach of a rule that they witnessed. This was also said at the briefing.

The Jury boat also did not inform me about the protest, by hailing "Protest" or in any other way. Although they had great time available to do it, because I was very close to the Jury Boat for several minutes after crossing the finish line, while catching my breath after the race
