7. Description Of Incident

Request to reppen case 25

Sailing at 18 knots boats speed is noy easy to be sure if a mark is touched or not.

I was in doubt. After being showed the video in the Jury Room, that's when I became fully aware of the touch.

In fact, at the protest hearing I did not say anything before being showed the video. After seeing the video I said "Yes, that's how it went".

On the water, it was impossible for me to take a penalty because it was extremely dangerous to recross the finish line against the swarm of boats coming in at 20 knots.

If the Jury believes I touched the mark, then they will score me as DSQ.

But being unsure if I touched or not, I did not break any rule of part 2.
