**RACING TODAY**

Again, the model wind forecast does not look encouraging today; but we may get lucky again, like yesterday, with a few clouds forming over the island to generate racing conditions.

Race Area: **#2** (may fly LIMA as a Follow Me as needed)

1st Warning Signal is scheduled for **1055** - The RC intend to be on station observing the wind and will signal AP on the water if warranted.

Both fleets are behind schedule - if we encounter racing conditions - 4 races are scheduled for both fleets today - **no warning signal will be made after 1500.**

Monitor VHF 73 throughout the day.

**Prize Giving at RBYC following racing**

*Finally - have FUN, and good luck.*
