7. Description Of Incident

From the 1st reach of the last race of the day, the wind started to drop consistently and after that the wind start to shifting to south. The race was completely a mess and absolutely unfair. At least in our course. We lost so many boat and couldn't do nothing to avoid that. The boats from behind came In with the new wind.

After that the finishing line was moving and at the moment we just went to finish the boat move forward and we had to gybe again losing 5-7 more boats at the finishing line.
