7. Description Of Incident

With 20 seconds to go before the start I prepared to accelerate with the rest of the fleet. As I began to accelerate, 218254 was bearing away to stay clear of being over the line. I shouted to warn her I was there but she kept going. She made no effort to head up and avoid me, instead she continued to sail down the line. Her sail was out and she smacked me with her boom. I bore away to try to avoid a collision but I still hit her boom and mainsheet. I shouted Protest and she looked at me but did no turns.
