Scoring Inquiry:

In the NOR, ch.3.1, the Schedule of Races state that the Courtney Cup runs from the 12th Nov to 17th Dec, with 12 races spread over 6 days. There is a contradictory statement in the NOR ch.10.6. which addresses the rescheduled Round the Island Race entries. However that should not override the Schedule of Races as laid out in ch.3.1.

In the SIs, ch.7.2 states that the Courtney Cup runs from the 12th Nov to 17th Dec, with 12 races spread over 6 days. There is a contradictory statement in ch.7.3 concerning the RTI race. However the table in ch.7.2 should take precedence.

The published results to date are including races held on Nov 5th. This is incorrect. Request that the overall results for Courtney Cup/Series 1 are corrected to remove results from Nov 5th.

Response Title:

The enquiry relates to an alleged conflict between clauses in the NOR and SI documents for the event. Scoring is currently as per the event format advised by the Race Committee and the race results provided to date by them. Any change to the posted results is dependent on receipt of an instruction from the Race Committee or Protest Committee about the resolution of the alleged conflicts in the NOR / SI and, if deemed necessary by them, how that resolution is to be reflected in the scoring of the event.
