#### Scoring Inquiry:

In race 9 I finished at about 76 minutes (not including the 5 minute start sequence). Tom Pilkington 211111 was second to finish at about 75 minutes. I strongly believe that 1st place to finish Hermione Aris 215589 did not finish before 70 minutes as she was not 5 minutes ahead of myself and Tom Pilkington 211111. Please review this and let me know the time 215589 finished as the time limit in the sailing instructions is 70 minutes and I do not believe that any of the ILCA 4 fleet finished within that time. In this case then we should all be scored in accordance to that. Thanks
