**Scoring Inquiry:**

Good evening. I crossed the finished line with the bow of the boat. Then I got a second penalty and had to come back to the front of the finished line and give up. In my opinion I was already at the finish line and the penalty should not have been given. I was over the finish line and after that I was moving with my body. I know that was a wrong decision but I was tired after 7 hours on the water. Thank you for the position hearing. I was around 25-30. Tomáš Grodl

**Witnesses:**

Judge at the finish line.

**Response Title:**
