Scoring Inquiry:

There were issues with the number of laps counted. We got 2 laps less while the shark and the french school were close on the first 2 hours, and continued for a few laps, including with laps of 22 mn while the average time was 12 mn. The app was showing Sharks were doing a lap in 5/6 mn.

This was reported to the race management team at 4 pm, people came over to tell us around 6 pm that it will be fixed by checking the manual counting. At 22:30 we were asked to report formally to the jury.

Witnesses:

HKA logged the same issue

Response:

Corrected Score: Added lap according to record
