Scoring Inquiry:

Before the race, the committee boat displayed L3. However, on lap two as boats rounded the gate by the committee, boats were given the finish signal and told to sail in for the day. However there were a few boats further back in the fleet who completed three laps as they believed the boats ahead of them sailing upwind were still racing not heading in. Over half of the fleet only completed two laps and sailed in after the committee boat told them they were only doing one race today. The boats who rounded mark 2s at the gate sailed the third lap while the boats who rounded mark 2p were given a finish. We as majority of the fleet feel this is unjust even though it benefits some of us.

Witnesses:

Majority of the fleet

Response:

It was agreed that the race be abandoned.
