Scoring Inquiry:

Boat: Lizzy M

Sail Number: 361

Class: NS Club Echo 2

Skipper: Jason Byrne

We are lodging a protest regarding our handicap in Race Number 3, ie the second race today, 11th July.

Lizzy M finished the first race today with 0.793 and saying no change to handicap...

In the results to the SECOND RACE today we had a handicap of 0.801 on the official results...

Skipper Jason Byrne will visit Regatta Office in the morning to clarify.

Thank you for your attention.

Response:

Hello Jason, the ECHO handicap progression is calculated automatically by the ECHO algorithm without any human intervention. The OA reserves the right to change any handicaps which are deemed to be outliers (e.g. caused by a very late finisher due to man overboard or gear failure), but no such intervention has been made in this class. If you would like more detail on the calculation, please click on the "ECHO Analysis" button in the results, and then the "Show Details" on the subsequent screen.

Hi Jason, I've taken another look at this, and the analysis I see seems right. You'll see it at: <https://halsail.com/Result/EchoAnalysis/90208>. I'll try to be in the race office by 8:30 in the morning if you'd like to chat further
