### Scoring Inquiry:

I was given UFD in race F3

I don't believe i am over after reviewing the video. You cannot see the pin mark because of other sailors making it impossible to determine whether i am over or not. Also the video is positioned on the start boat where there is no official timestamp meaning the UFD is relying on the horn which could easily be mistimed.

### Witnesses:

### Response:

Video reviewed, scoring as UFD confirmed.
