Scoring Inquiry

Race Date: 2026-06-13

Received: 2026-06-13 15:29 BST

Request No.: 01

Course:

Race No.: 1

Posted Score: DNC

Competitor: Switch - Switch 4 day - 1084 - James Percival-Cooke

Scoring Inquiry:

I completed a full lap of the course on race 1 yesterday but was scored a dnc in the race results. Grand Prix scoring would mean that I would only need to compete a lap of the race to be scored behind everyone who completed both laps of the course so I believe I should have been scored a 4th place

Response:

Race Team have been asked to check their records.

The finish sheets show you as DNS, which is what is shown in the results.
