#### **Response Title:**

Corrected Score: DNF

ANT 75 capsized 5m before crossing the finishing line. The competitor then crossed the finishing line with his kite, while the board was still on the course side of the finishing lines. 30 seconds later the board drifted over the finishing line. Behind and downwind of the finishing line, ANT 75 recovered, but did not return to cross the finishing line to finish. ANT 75 did not comply with the definition of Appendix F: Finish and therefore did not finish the race.
