Scoring Inquiry:

We courtly ask for explanations about score calculation for the offshore race where the coefficient 1.25 it's been used dividing and not multiply the score like it's always done, we note this thing only today because yesterday was not released the general classify of the event,

changes RRS 60.1(b).

9. SCORING AND TROPHIES

9.1 The "Low Point" scoring system of Appendix A shall apply.

9.2 Results will be calculated on the basis of "Time on Time".

9.3 The European Championship will be awarded to the first maxi y of the long-distance race having a 1.25 coefficient and the inshore race discard if four or more races are completed.

9.4 Trophies (the final list will be posted on the ONB):

- ROLEX trophy to the winner of the Maxi European Championship;
- Trophy to the first European yacht of the Maxi European Championship;
- IMA trophy for the highest placed IMA member at the Maxi European Championship;
- Trophy to the first yacht on line honors rankings;
- Trophies to the winners of the series of the inshore races;
