Scoring Inquiry:

I completed lap 1, decided to do lap 2, but had multiple capsizes resulting in a slow second lap, but I completed it and crossed the finish line. I believe I should receive a score at least for the 1st lap.

I crossed the finish of my 2nd lap as race 3 started, meaning that the committee boat then thought I was over the start line for race 3, resulting in a black flag. I didn't start race 3, I was finishing race 2.

Response Title:

You are already scored as 56°.
