**Posted Score:** 48 UFD

**Protest Party:** ILCA - GBR 206839 - Henry Redmond

**Scoring Inquiry:**

I believe in this race I was behind the line throughout the remaining 1 minute. Also, there was a boat above me, 217872, who didn't get a UFD for race this race.

Also, after the race I checked the committee boat and my number was not on the board. There was a number shown similar to mine, 5839, however mine is 6839. If I had seen my number on the board I would've thought of taking more caution today.

I crossed the finish line in 6th place and feel this should've been my score for this race.

**Witnesses:**

210411, 214081, 217872

**Response Title:**

Boat 6839 was correctly identified. The number posted on the board was incorrectly transferred. The board is not a requirement. There is no boat in the fleet 5839. the error was corrected in accordance with RRS 90.3 (c)
