Scoring Inquiry:

We do not believe we were OCS. 4534 was touching and covering the pin end mark, stopping the race committee from seeing the pin end when the flag went down.

We started behind 4534, to windward of him.

Response Title:

4522 was observed on the course side of the starting line at her starting signal, RC displayed individual recall, she failed to start not complying with RRS 29.1 and was classified "OCS" accordingly to RRS A5 and RRS A10.

4534 was also observed on the course side of the starting line at her starting signal, she then started correctly rounding the pin end and was classified according to her finishing place.
