Scoring Inquiry:

Pampus 111 started race nr 3 in groep a on race nr 3. We finished on the 13 place . we noticed that we got a DNS in the standings. That is not correct. We started and did the whole race. We finished on 13 th place. So there must be a mistake by the race organisation that they missed us. We have witnesses that we started and finished this race. We ask you to reinstall Pampus 111 in race 3 on place 13. Kind regards.

Mark Neeleman.
