**Scoring Inquiry:**

Sorry for bothering again, but I think there is a mistake here. If I got OCS or DNS it should be last +1 (38th) in the group instead of overall +1 (77th), because 77th means that the score would be timed 2 since there are two groups. For example, in UK National 2022 if a person got a UFD, this person will get a 53th (number of sailors in one group) instead of 104th (overall number of sailors).

It will be extremel unfair as people got penalise twice.

**Response Title:**

Scoring codes for non finished are determined by the total number racing in the fleet not the flight.
