Scoring Inquiry:

Finished at the rear of the finishing boat where the flag was at the port aft corner. The staff missed that I finished, they were focussed on finishings at pin end and were located at the middle of the boat. I came close to the boat and needed to work myself to get away, The I was recorded when I crossed the finishing line, the second time.

finishing behind was Camerun and Japan (Mori)

Appreciate if flag is moved mid-ship

best regards, Claes

Witnesses:

crew noticed me when I was working to get away from the boat

Response Title:

The finish boat video tape has been reviewed and compared with the written scores. Score stands as posted.
