Scoring Inquiry:

I was waiting on the right side of the starting line but based on left and right pin I wasn't on falstart. I may cross the starting line from the middle Race Commite boat perspective but according to SI i thought that for the rule 30 only left and right pin counts. On the first day of the regatta RC boat was significantly lower which can be seen on live tracking (but I'm aware that tracking can't be the proof).

Is there a possibility to see recording from starting line?

Witnesses:

None
