**Scoring Inquiry:**

in the last stretch to the finish line of the 3rd race I was in 11th position. competitor ARG4880 did not give way to me. I was on starboard tack. he executed penalty 360, pleading guilty. he was very fast and very dangerous. to avoid a major head-on collision, I flipped the boat over. safety comes first. I lost a lot of positions that I worked hard for the whole race, this event was witnessed by sailor SUI 4896. before I reached the finish line. my position in this race is 11-12. I am asking for redress because it wasn't my fault.. Robert
