**Scoring Inquiry:**

The race number 18 on the 12.07 should be abandoned. First of all, there were less than half of the fleet foiling, rest of the fleet could not start due to too little wind. The wind has dropped to less than 7 knots during the race. Secondly, the wind has shifted more than 90 degrees so that the start was a reach! On the course there was a super yacht that should have not been there! And what is more the plan was to make 3 races of waszps and then to proceed to wings but the race was started after just 2 races of waszps without informing the wing fleet about that race. What is more the class flag was the same as the waszps one so no one was sure who should start the race. Please abandon the race number 18 for the wings.
