**Scoring Inquiry:**

Jules Raats BEL1162 is one of our youngest sailors, he never made a good start yesterday and he finishes always in the end of the group. He started from the 3th line in race 3 group RED. I was following his start from the waiting area.... BFD is not a big problem for his (bad) ranking in general, but in my opinion, the BFD was not possible because he never reached the 'front line' in starting procedure. It's difficult to explain to a young child with poor experience. I 'm quite sure scoring BFD is a mistake from starting vessel.
