Scoring Inquiry:

On the score sheet 5816 is penalized 10% for not checking-in. Due to the harsh conditions 5816 was slow to make it back to harbour when they arrived, they were met with a long line to take boats out. This was partially impart to one of the launch ramps being out of commission. By the time they were able to make it to the checkin area, the check in window had closed. Please consider removing the 10% penalty.

Response Title:
