Scoring Inquiry:

Good morning. I am enquiring about the DNE I got in race 4 (the first race yesterday). I note my fellow masters sailors were given results but I received a DNE. Owen Lavery was given scored a 15th and I was behind him on the start line. Why did I receive a DNE? I realise it is probably to late to have this corrected but can you explain the method of scoring for this race please?

Response Title:

213842 was scored DNE per RRS 30.4 as she was OCS in an earlier start of Race 4 run under the black flag and competed in a restart of that race.

Owen Lavery (217487) was not noted by the RC as being OCS under an RRS 30.4 and was scored 15 in Race 4.
